

will be a very special day, and I applaud those working hard to keep Elie's ideals and goals instilled in their minds and hearts.

IN HONOR OF TOM ADAMS' FORTY
YEARS OF TEACHING AT ST.
MARK'S SCHOOL OF TEXAS

HON. PETE SESSIONS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, April 2, 2004

Mr. SESSIONS. Mr. Speaker, I rise today to honor a teaching legend at St. Mark's School of Texas. I am proud to represent St. Mark's in Congress. I am very familiar with the high excellence of education that St. Mark's provides to young men as my oldest son currently attends St. Mark's, and one of my staffers is also an alumnus of the school.

St. Mark's would not be nearly as successful an institution if it weren't for the scholarly teaching of Thomas S. Adams. Tom Adams is celebrating his 40th year of teaching at St. Mark's, and I honor him for his four decades of service to the school and the countless young men that have benefited from his teaching and insight.

Tom Adams currently serves as the Cecil and Ida Green Master Teaching Chair in History. He has held this position since 1980, and he has served as the Senior Master of the faculty from 1997–2002. Tom currently teaches U.S. History, Art History, and Modern World History.

In addition to his distinguished teaching in the classroom, Tom has coached the St. Mark's baseball team to twelve Southwest Preparatory Conference (SPC) Championships. In addition to his success with the baseball team, Coach Adams led the St. Mark's basketball team to six SPC Championships.

Tom Adams was appointed to the St. Mark's faculty on July 1, 1961 after receiving his B.A. from Princeton University and his M.A. from Harvard University. Adams is a lasting icon at St. Mark's, and I admire him for continuing to teach even after reaching his 40-year milestone. I wish Tom Adams, and the St. Mark's community all the best.

LEGISLATION TO MAKE BONUS DE-
PRECIATION A PERMANENT
PART OF OUR TAX CODE

HON. JERRY WELLER

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, April 2, 2004

Mr. WELLER. Mr. Speaker, today, Congressmen NEAL, UPTON, ENGLISH, TIAHRT and I have introduced legislation to make bonus depreciation a permanent part of our tax code. I appreciate the opportunity to make a statement on this important legislation.

As you know, the issue of bonus depreciation has been an important one over the past 2 years. On March 9, 2002, President Bush signed the Job Creation and Worker Assistance Act of 2002 into law. This law allows businesses to accelerate the depreciation of equipment they purchase between September 11, 2001 and December 31, 2004. All equipment with a depreciable life of 20 years and

under qualifies for the bonus depreciation treatment. Originally they were entitled to get a bonus of 30 percent in the first year. Before this law, a \$1000 computer would be depreciated equally over 5 years. \$200 each year. With this change, businesses get \$175 in the first year, plus a 30 percent bonus. So, they depreciate \$475 in the first year and the remaining \$520 over the next 4 years (\$175 each year for 4 years).

H.R. 2, the 2003 tax cut law, included a provision to increase bonus depreciation to 50 percent through December 31, 2004. This provision became law in June 2003. This has helped stimulate the economy and create new jobs for Americans that are out of work.

Just today, the U.S. Department of Labor released statistics that prove that bonus depreciation and other tax cuts are working. Bonus depreciation is helping to bring jobs back to the U.S. economy and put American workers back to work. The Labor Department announcement indicates that the U.S. economy created 308,000 new jobs in March, this is the fastest monthly job growth since April 2000. The latest data show that more than 500,000 new jobs have been created in the first three months of 2004.

In another example, the General Aviation Manufacturers Association recently told me that in the first 5 months after enactment of the bonus depreciation provision sales of general aviation airplanes increased 45 percent.

Mr. Speaker, bonus depreciation and the other tax cuts are working. Our economy is rebounding. We need to make bonus depreciation and the other tax cuts permanent in our tax code. When making business decisions, companies need to know for sure that they can rely on these tax provisions.

I ask my colleagues to join me in cosponsoring this important legislation.

COMMENDING SEAN BUTLER

HON. JON C. PORTER

OF NEVADA

IN THE HOUSE OF REPRESENTATIVES

Friday, April 2, 2004

Mr. PORTER. Mr. Speaker, I rise today to acknowledge the achievement of an outstanding young man, Sean Butler. Through hard work and dedication he has achieved his goal, a goal that few young men have the courage, dedication, and character to achieve.

Sean's dedication has given him the title of Eagle Scout within the Boy Scouts of America. This program has long been recognized as a program that builds strong minds upon sound morals. Achieving an Eagle Scout status shows that this young man has participated in projects and activities that will help him become a strong man in life. It has shown him how to set reasonable and accomplishable goals, a value that will put him considerably ahead of his peers.

The Boy Scouts of America is a great building block for our youth and it is quite an achievement, with so many other activities available, for young men to receive their Eagle Scout Award. It is my hope that he will hold this award as a special honor; to always remember the principles and teachings he has learned, and to use this award as a tool in his future.

THE GREATER TEXARKANA
PEOPLES' CLINIC

HON. MIKE ROSS

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

Friday, April 2, 2004

Mr. ROSS. Mr. Speaker, it is with great pleasure that I congratulate The Greater Texarkana Peoples' Clinic on its grand opening. The clinic, whose motto is Good Health for All, was established to provide free, quality health care to qualifying residents in the greater Texarkana area, which includes Miller (Arkansas) and Bowie (Texas) Counties, who do not have access to basic medical services. The First United Methodist Church at 401 N. Stateline, Texarkana, Texas has offered its facilities as a site for the clinic.

Statistics from the Kaiser Family Foundation indicate that sixteen percent of Arkansans are uninsured and twenty-five percent of Texans are uninsured. In The Greater Texarkana Peoples' Clinic's medical service area, forty-one percent of their service area population is uninsured. Instead of waiting for a government fix, the people saw a need and set about solving that need. Thanks in part to Chaplain Jim Rowland, president of the Greater Texarkana Ministerial Alliance, Dr. Tim Reynolds, medical director, and Dr. D. Jack Smith, clinic board member, a non-judgmental, compassionate environment in which to serve those individuals and families largely rejected by mainstream society has been created. The Greater Texarkana Peoples' Clinic is truly the result of a collaborative community effort. Medical professionals throughout the Texarkana area along with numerous volunteers are generously giving their expertise, time and financial support to make this initiative an overwhelming success.

I join with the leadership of Texarkana, Arkansas and Texarkana, Texas in thanking and congratulating all that were involved in bringing The Greater Texarkana Peoples' Clinic to a reality. The clinic and its services will prove to be an asset for years to come.

HONORING NATALIE STERN, 2004
CHERRY BLOSSOM PRINCESS

HON. RUSH D. HOLT

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Friday, April 2, 2004

Mr. HOLT. Mr. Speaker, it is with great pleasure that I rise to recognize Ms. Natalie Stern, who will be representing New Jersey as our princess in the 2004 Cherry Blossom Princess Program.

Since 1948, state societies have selected accomplished female students to represent their states in the Cherry Blossom Princess Program. During the week-long program, the princesses participate in a number of events that provide them with an opportunity to share the culture and unique traditions of their state. The program culminates with a princess being crowned as the United States Cherry Blossom Queen, who will travel to Japan as a representative of the United States. During her two weeks in Japan, the U.S. Cherry Blossom Queen participates in events across the country and meets with Japanese dignitaries.
